

# IT Network Instructor

Saskatoon Business College is currently seeking a highly skilled and certified full time instructor for our Information Technology Network Administrator program starting immediately.

This position requires an in-depth knowledge of network infrastructure with the MCSE Server 2012 track along with 5-10 years of Network Administration. The ideal candidate will be a proven network administrator who has up-to-date Microsoft Certifications and/ or is currently an MCP and MCSA with Server 2012. A Bachelor's degree in Computer Science or Computer Engineering is also required. An equivalent combination of education and experience will be considered.

You will also be a team player along with the knowledge to mentor and provide students with the skills to become a network analyst.

You will be expected to work on developing and keeping up with the latest curriculum and updates that Microsoft provides, along with working with our Blackboard online portal and Microsoft Imagine Academy.

Preference will be given to those who have achieved their MCT (Microsoft Certified Trainer) designation with knowledge and experience in Server 2012, CompTA+ and Security Plus (both designations are required) PowerShell and Azure cloud infrastructure.

SBC offers a group benefits package along with pension plan after six months, and profit sharing after one year. Please submit a resume along with a cover letter in confidence to: [careers@sbccollege.ca](mailto:careers@sbccollege.ca).

*We thank all those who apply but will only contact those selected for interview.*
